

WHERE TO FIND US

Hidden in Sutherland's Kogoloha Forest Reserve just 8km from the N6, Forest Way offers a unique experience of the outdoors and God's creation. Lush vegetation, evergreen lawns, majestic trees and the sound of the mountain stream make this converted forest station the place to absorb the peace, walk the trails, talk out the joys. But also to stretch your team working, test your thirst for adventure, and be challenge-d-spirit, soul and body.

All the while the Kynsna Loeries and Cape Parrots will beckon you from Yellowwood and Pine, and the waterfalls invite a taste of mountain water.

Forest Way

OUR FACILITIES

Two venues that can be combined to accommodate 86 or more. The MAIN VENUE has 70 beds in 10 sleeping units. This facility has an Outdoor Education / Christian camping / large group youth orientation with double and single bunks and 6-9 beds to a room. The spacious 225m² hall is ideal for large meetings and the fireplace warms the wet or cold days. A separate attractive dining hall adorns the kitchen.

CEDAR HOUSE

CEDAR HOUSE is small group / conferencing oriented. It has 16 beds (expandable to 22) in four rooms, a separate dining room and the delightful Loerie conference room seating 16-32 in different layouts on mostly padded chairs.

Both venues have a volleyball court, open spaces, and can be supplied with a TV, VCR, whiteboard and OHP. There is also a tuck-shop, and the challenge course, abseil to river and other elements are used in conjunction with our programme staff.

Like the programmes, from backwoods to banquet, the removed food is planned and prepared with YOUR group in mind. No set menus here!

AND MORE ...

But the attractions of the Centre do not detract from the lure of the lush indigenous forest! Marked trails will lead you on a wide variety of walks through dense forest laden with lichen and lianes, and over streams with pure clear water. There are walks for all tastes and abilities, and a visit to the waterfalls is a must!

OUR PROGRAMMES

Programmes are what we are here for! Our experienced staff are committed to ensuring you will leave reluctantly and with memories of life-changing experiences. Each programme is designed for your needs. Adventure, experiential learning, team-building, environmental experiences are all knitted together to have you leave with more than you came with. And what adventure is better than an encounter with the living God?

Schools programmes could include abseiling on our training tower, building a shelter in the forest, cooking your own potjie, learning to use a compass, tackling the challenge course, raft-building, cooling off under a waterfall, finding the life in a forest stream, spending a night under the stars, and much more - each designed for your group.
